### **Author Contributions**

The Author Contributions statement must describe the contributions of individual authors and, in doing so, all authors agree to be accountable for the content of the work. Please list only 2 initials for each author, without periods, but separated by commas (e.g. AC, AS). In the case of two authors with the same initials, please use their middle initial to differentiate between them (e.g. AEC, ASC).

Each author must be able to prove his active participation in the study by contributing to the concept, protocol, data gathering or analysis, their interpretation or by critically revising the manuscript. Any other persons who have contributed to the paper, like study participants or colleagues, will be mentioned in the “Contribution” section.

### **Acknowledgments**

Acknowledge persons who have made substantive contributions to the study. Specify grant or other financial support, citing the name of the supporting organization and grant number.

### **Curriculum Vitae – Ultra Short version**

Please provide a brief presentation of the first author and his contribution in the field, of maximum 130 words (with a 3.5×4.5 cm color photo).

### **MCQ**

The first author is invite to **formulate four multiple-answer questions with four possible answers**. The one correct answer will be in bold italics.
